**DETAILED ACTION**

**REASONS FOR ALLOWANCE**

1. Claims 1-14 are allowable over the prior art.
2. The following is an examiner's statement of reasons for allowance:

With respect to claim 1, Brown 5,978,738 discloses a severe weather detector and alarm system comprising a microprocessor (100), a storage device (102), a temperature sensor (56), a light sensor (62), a speaker (20), and an emergency indicator (48). The microprocessor (100) compares collected data and compares to known conditions from the memory (102) and sends an alarm if the predetermined threshold values are met for severe weather conditions. Brown does not disclose nor suggest that the warning signal be sent to indicate a failure of the weather-measuring device. As a result, independent claim 1 and dependent claims 2-14 are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Jones et al 6,542,825 B2 and Brown 6,597,990 B2 disclose severe weather detection devices.
